

Micro-Lending & Peer Credit Risk Assessor

UML Component Diagram — Layered Architecture

Presentation Layer

<<component>>
User Interface

I2: Credit Risk Assessment
borrower data → risk score / tier

<<component>>
Risk Assessment

I1: Loan Request / Loan Status
submit request • browse / fund loans • view status
I3: Repayment / Default Management
schedule • repayment • default warning

<<component>>
Loan Management

<<component>>
Repayment & Notification

Business / Service Layer

I4: Loan Data Persistence
store / retrieve user, loan, risk and repayment data

<<component>>
Database

UML Notation

-  Component
-  Provided interface (ball)
-  Required interface (socket)

Data Layer

Exactly 5 components • Exactly 4 interfaces
